10-Pair Dumbbell Rack

ES-61A53HYR

The 10-Pair Dumbbell Rack reflects the core principles of the Essential Strength Line—durability, organization, and efficient design. Built for commercial environments, this rack provides a stable and space-efficient storage solution for hex dumbbells. Engineered for strength and accessibility, its two-tier design allows for easy loading and retrieval while maintaining a clean and organized training floor.

Key Features & Specifications:

- Holds 5 - 50 lbs Hex Dumbbells

- Commercial-Grade Frame Construction: Main frame: 3.94" × 1.97" × 0.12" flat oval steel tubing All structural components utilize high-quality Q235 steel.

- Storage Capacity: Designed to hold up to 10 pairs of hex dumbbells Supports dumbbells up to 110lbs per pair.

- Two-Tier Design: Efficient dual-level structure maximizes storage capacity while minimizing floor space usage Optimized for easy access and organized weight placement.

- Stable & Durable Build: Heavy-duty frame ensures long-term stability under full load conditions in commercial environments.

- Net Weight: 148lbs
- Gross Weight: 174lbs
